

Ms. Shona, ECA Supply Staff

Where did you go to school?

I attended Sheridan College.

How many years have you been working with children?

I've been working with children for about 24 years in community based programming as well as having my own home daycare. I helped design a day camp every summer for 10 years at our home church where a scheduled day included mad science, crafts, nature, -and spiritual learning. Each year our camp brought in about 60 children.

I was a Youth group leader for Teens. I designed and coordinated an "Amazing Race" for kids and Families that took them around the town of Bradford to complete various challenges.

My work with children and youth in the community led me to receive the "Good Neighbours Award" presented by local MP's.

What is your favourite activity in the classroom?

My favourite activity in the classroom would have to be craft time. I love working hands on with the children and seeing their unique personalities come through in their arts and crafts.

What is your vision for the centre/classroom?

My vision for Learning Cubs would be that it continue to flourish as a space for children to learn and grow. A place where they feel safe and parents supported, a community hub where special family events can be hosted.

What is your favourite past time/hobby?

I love creating and designing. I am a home detailer and refinish old furniture.

Favourite/inspiring quote:

"If you do something out of duty, it will deplete you. If you do something out of love, it will energize you."

-Mother Teresa
